WELCOME *to* GOODWOOD

Goodwood is England's greatest sporting Estate. The first Duke of Richmond originally visited this area of the Sussex Downs to enjoy the fox hunting with the famous Charlton Hunt. He bought the house in 1697, and it has remained the seat of the Dukes of Richmond ever since.

Over the past three centuries Goodwood has played a prominent role in the English summer season. Today, thanks to world-renowned events such as the Festival of Speed, Goodwood Revival and The Qatar Goodwood Festival, there is no finer place in the country to enjoy motorsport and horseracing.

In addition to the high-speed thrills of the racetrack, guests of Goodwood can also enjoy two championship golf courses, the very best shooting, cricket matches on one of England's oldest grounds, and even the opportunity to take off from a celebrated Battle of Britain airfield.

With a choice of places to stay, an award-winning sustainable restaurant and a fully equipped health club at your disposal, we hope you will enjoy discovering Goodwood's famous hospitality first-hand.

The HORSERACING SEASON

The season may peak with the Qatar Goodwood Festival, but there is outstanding horseracing at Goodwood from May through to October.

Horseracing has taken place on top of the Sussex Downs since 1801, when the 3rd Duke of Richmond held a private race meeting for the Sussex Militia. It was such a success that the following year he held Goodwood's first public race meeting.

Today, in addition to the world-famous Qatar Goodwood Festival, there are 14 days of high-class racing at Goodwood, where the colour, excitement and spectacle of seeing racehorses and jockeys close up is more than matched by the stunning setting.

The 2019 season will include the three-day May Festival, the dynamic Three Friday Nights in June – when a thrilling day's racing is followed by an evening of dancing and globally renowned DJs – and the nostalgic August Bank Holiday weekend.

"The perfect setting, wonderful racing – simply a great occasion."

FARMER, BUTCHER, CHEF

Our sustainable restaurant located just yards from Goodwood Home Farm.

For a unique dining experience, Farmer, Butcher, Chef is our exciting restaurant designed to showcase our meat produced at Goodwood Home Farm.

Goodwood has been farmed by the family for over three hundred years and is one of the only self-sustaining organic farms in Europe. These organic principles enable our farmer to produce the best-tasting beef, pork and lamb, all of which are reared right here.

Our butcher is directly involved in designing dishes according to what cuts are available. This original approach, inspired by our chef, means that nothing is wasted. The Butcher's Boards are an imaginative way to enjoy our beef, pork and lamb: they highlight different cuts served in a variety of tasty dishes. Marrying the expertise of our farmer, butcher and chef, the changing menu champions seasonal English flare, showcasing our own produce along with selected ingredients from local suppliers.

Inspired by creative designer, Cindy Leveson, the interior is a contemporary take on country chic. The distinctive bar area welcomes customers for a light snack or post-work drink, while the restaurant allows visitors to enjoy an evening with friends and family, or a hearty Sunday lunch taken care of by our friendly team of staff.

GOLF AT GOODWOOD

With a heritage stretching back to 1914 and two very different courses to choose from, golf has always played an important role at Goodwood.

Goodwood is blessed with not one but two beautiful 18-hole golf courses, allowing players to choose the level they want to play. The Downs is widely considered the finest downland course in England, and is rated amongst the country's 'Top 100' courses. It has fast-running fairways, undulating greens and dramatic changes of level thanks to its location amid the downland valleys and hills – ideal for those who want more of a challenge.

For a gentler day's golfing, you could choose The Park, where the tree-lined fairways take you on a pleasant stroll across the parkland in front of Goodwood House. All this in the heart of some of southern England's most beautiful countryside.

The Downs Course

Golf's five-time Open Champion James Braid designed The Downs Course in 1914, and his trademark dog legs and cross-bunkering make it as compelling as ever. While conserving its heritage and tradition, the 7134-yard course has been sensitively renovated for today's golfer. The scale, grandeur and aesthetic quality have all been improved, enhancing the spectacular views across the Estate and beyond, and playing surfaces are maintained to the very highest standards.

The Kennels provides beautifully appointed facilities, with walnut lockers and soft Pima cotton towels. Our unique Woody buggies, designed by the Duke of Richmond's grandfather in the 1930s, even come complete with wicker baskets for sandwiches and Champagne.

The Downs Course and The Kennels

For eight or more players with your choice of a BBQ or a two/three-course meal.

The Downs Course and Goodwood House

For 40 or more players with a gala dinner in Goodwood House.

The Park Course

World-renowned golf course architect Donald Steel was commissioned to produce a design that would reflect the prestige of its stunning backdrop: Goodwood House and its 18th-century cedars. The result is an easy-walking 6650-yard course that suits all levels of golfing ability but still provides ample challenges for any golfer. Indeed, the calibre of the course has been confirmed with the successful hosting of national and international tournaments.

The Park Course is located at The Goodwood Hotel, where guests can enjoy excellent facilities including lockers and shower rooms and access to the Bar & Grill, which serves delicious food in a relaxed atmosphere.
