

HOW TO ACCESS AND SHARE YOUR GOODWOOD TICKETS

Before you arrive at your Goodwood event, please download the Goodwood Tickets app. You'll need the app to access your tickets and share them with your guests.

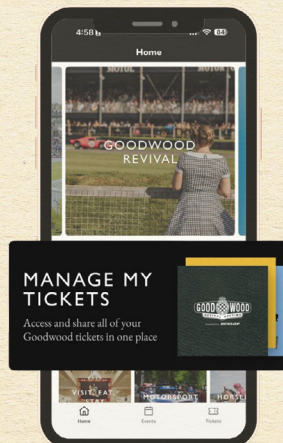

You can download the app from the App Store on iPhone or Google Play on Android. Search for Goodwood Tickets, tap Get or Install, and follow the on-screen prompts.

STEP 1

OPEN THE GOODWOOD TICKETS APP

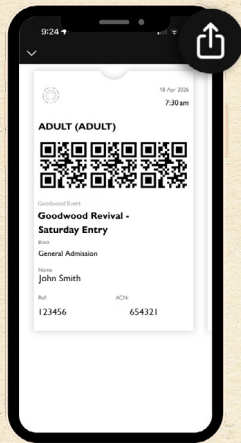

Log in using the email address you used to buy your tickets.

STEP 2

GO TO MANAGE MY TICKETS

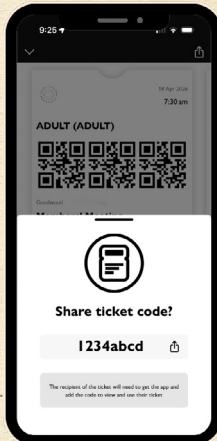

Tap **Manage My Tickets**. This will show your upcoming Goodwood event tickets, including tickets for your guests.

STEP 3

FIND THE TICKETS YOU WANT TO SHARE

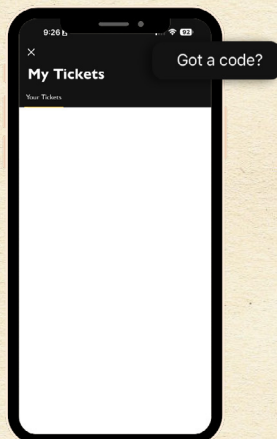

As the lead booker, you can swipe through the tickets to find the one you want to share with your guest.

STEP 4

SHARE THE TICKET CODE

Tap the share icon at the top right of the ticket to generate a unique sharing code. Each ticket has its own code, so please share each guest's ticket separately.

STEP 5

YOUR GUEST ADDS THE TICKET TO THEIR APP

Your guest should sign in to the Goodwood Tickets app on their own phone. In **My Tickets**, they can tap **Got a code?** and enter the code you shared.

WHY SHARE TICKETS BEFORE THE EVENT?

Security – each guest has their own ticket stored safely on their device.

Convenience – tickets can be sent to guests in just a few taps.

Efficiency – everyone has their ticket ready to scan, helping to avoid delays at the entrance.
