HEALTH & WELLBEING

FOOD

We know that food, drink and exceptional service make an event. With produce sourced from Goodwood Home Farm, the largest lowland organic farm in Europe, and from the local area, the food you eat should taste delicious and fuel your mind and body.

With fully-serviced kitchens across the estate, we are able to cater for any number of different styles and tastes, using the very best seasonal ingredients.

GOODWOOD HOME FARM

One of the only self-sustaining organic farms in Europe, Goodwood Home Farm provides exceptional farm-to-fork produce for the entire Estate.

Goodwood has been farmed for over 300 years and sustainable, regenerative farming practices have been passed on generation after generation.

All Goodwood produce can be traced every step of the way, from field to fork. There is an absolute commitment to the care of the livestock and the sustainability of the countryside. No pesticides or fertilisers are used on the estate, ensuring that the wildlife, hedgerows and centuries old natural ecosystem is protected and the produce is as wholesome as the land from which it comes.

The farm's produce features on menus in restaurants across the estate and at Goodwood's flagship events. In particular, Farmer, Butcher, Chef, the estate's flagship restaurant, is a celebration of the beef, pork and lamb reared on the estate. The farm also provides produce to the Farm Shop, including meat, milk, cheeses, beer and gin. With an in-house butchery and dairy, there is an assurance that customers will have travelled further than the food.

STAY THE NIGHT

HOUND LODGE

Tucked away in ancient woodland, Hound Lodge is a beautiful escape from the world and the perfect place to experience all the estate has to offer. With a private chef and butler on hand to ensure that every need is taken care of, your time here is entirely your own.

We believe that it's the little things that make a stay exceptional, from carefully selected produce from the farm on your arrival, a BBQ in the garden for you to enjoy in the summer months and beautifully designed walking maps that help unlock the estate.

STAY THE NIGHT

THE GOODWOOD HOTEL

With stunning surroundings on the edge of the South Downs National Park in West Sussex, The Goodwood Hotel is the very essence of British style, offering a perfect balance of award-winning food and 91 comfortable rooms.

SUSTAINABILITY

Since the first Duke of Richmond came to Goodwood in 1697, the estate has successfully adapted to ever changing socio-economic and natural environmental conditions.

Today, Goodwood addresses current challenges through innovative methods, drawing inspiration from its sporting heritage and the picturesque South Downs landscape, ensuring that future generations can cherish Goodwood as we all do today.

From solar panels and biomass boilers to nature recovery and biodiversity projects, there are a number of initiatives underway, including the introduction of 150,000 new trees since 2018. The estate is constantly evolving and continues to meet the challenges of climate change with creativity and innovation.

The Sustainability Report highlights our sustainable accomplishments over the past year and addresses the challenges we've faced in striving to become as sustainable as we possibly can.
