A GUIDE FOR OWNERS & TRAINERS

Tuesday 28 July – Saturday 1 August 2026

Bathrat Leon swings into the home turn under Ryusei Sakai for Japanese owners Hiroo Race Co in the 2022 Qatar Sussex Stakes.

THE QATAR GOODWOOD FESTIVAL PRESENTED BY VISIT QATAR

WELCOME TO GOODWOOD

Proudly boasting an illustrious history and heritage, Goodwood is an inspirational and unique venue that has often been described as the world's most beautiful racecourse.

Goodwood has, for more than 200 years, been about the best racing in the most English of settings, accessible to everyone. Our partnership with Qatar has enabled us to significantly increase the prize money on offer and it is, as always, key for us that this new money does not just sit at the top end but trickles down to the grassroots of the entire race programme.

Royalty, celebrities, sporting heroes, statesmen and diplomats have all enjoyed visiting Goodwood. It now gives me great pleasure to invite some of the very best overseas owners and trainers to be a part of this truly great horseracing Festival and join our ambition to become the best race week experience in the world.

Richmond

The Duke of Richmond and Gordon, CBE DL

With Qatar's sponsorship of the Qatar Goodwood Festival now into it's twelfth year, it has firmly established itself as one of the foremost weeks in the international racing calendar.

Aidan O'Brien found an able substitute for the retired Kyprios in Tuesdays' Al Shaqab Goodwood Cup (3,200m) with the 3yo Scandinavia beating his older rivals. It was an impressive performance and he duly followed up in the St Leger.

Qirat briefly held the record for the longest priced Group 1 winner having sprung a mighty shock at 150:1 in the meetings' feature race The Qatar Sussex Stakes (1600m). Having initially not been entered, the supplementary entry looked shrewd when he made all the running to win by a neck.

Thursday's highlight is the Qatar Nassau Stakes. Run over 2000m for fillies and mares it often sees international winners and Aidan O'Brien and Ryan Moore teamed up to win the race with Whirl. Already a Group 1 winner she made all to win impressively.

This brochure should include all the information you need to get a flavour of Goodwood. If you require any further details, please do contact myself or any of our international representatives whose details are at the back of the brochure.

I very much look forward to welcoming you to Goodwood in the near future.

Ed Arkell
Director of Racing

AN UNRIVALLED RACECOURSE

The racecourse at Goodwood is meticulously prepared by the highly skilled team using their collective wealth of experience to create a fantastic racing surface.

Overseas trained horses have done well at Goodwood in recent seasons: a breakthrough success for Japan in the Nassau Stakes in 2019 was achieved by Deirdre. The Australian mare Ortensia landed the Qatar King George Stakes in 2012 while the French have a strong record headed by Champion Miler, Solow, taking the Qatar Sussex Stakes in 2015 and Al Jazi leading the field home in the 2016 and 2017 renewal of the L'Ormirans Queen's Plate.

Last year was no exceptionwith Australia, the United Stakes and Scandinavia fielding runners alongside our closer European neighbours.

Goodwood are delighted that World Pool will again be in operation for the first four days of the Qatar Goodwood Festival, allowing racegoers and remote bettors the opportunity to bet into a single global pool. This ensures huge liquidity, excellent value and a significant financial return to the sport.

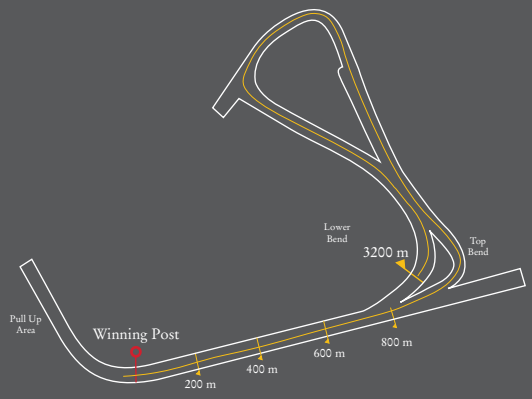

In 2025, over £76 million was wagered into World Pool at the Qatar Goodwood Festival.

RIDING HIGH TOGETHER

"In terms of beauty in Europe, it's hard to pick between Goodwood and Deauville. I think those two tracks are charming, historical. Goodwood with its panoramic view, and undulating course… it's just a fantastic place."

THE QATAR INTERNATIONAL STAKES (GR1 PA)

Wednesday 29 July 2026

Since it's addition to the Qatar Goodwood Festival programme in 2015, the Qatar International Stakes (Group 1 PA) has attracted some of the world's leading Arabian racehorses to compete on the Sussex Downs. The race is the most valuable Arabian race over one mile in Europe.

The Qatar International Stakes has witnessed some exceptional battles, most notably when Tayf beat Ebraz by a nose in the driving rain in 2017. Ebraz went on to be one of the most successful Arabian racehorses of all time, claiming two further renewals of this contest in 2019 and 2020, to add to further top-level success around the globe. In 2021, Lady Princess beat them both, following up with another impressive win the 2022 renewal.

However, in 2023, a new star arrived in Al Ghadeer. In winning this race, the Qatar Arabian World Cup in Paris and the HH The Amir Sword in Qatar, he became the second horse since Ebraz to win the Doha Triple Crown, a feat he achieved the following season too. The world's highest rated Arabian and the only three time winner of the Qatar International Stakes.

BRITISH ELITE RACES SCHEME

For the first time, Britain's major racecourses have joinedforces, with the British Horseracing Authority, to promote our elite all-aged summer races together internationally.

All races have received significant increases in prize money for 2026, with the King George VI and Queen Elizabeth Stakes, Ascot's leg, now worth £2 million (from £1.5 million).

In the midsummer period, over their respective distances, these are the unequivocal, most historically prestigious championship events in their respective categories in Great Britain; By distance: The Al Basti Equiworld Dubai July Cup (6f, Nemarket), Visit Qatar Sussex Stakes (8f, Goodwood), Juddmonte International (10f, York) and King George VI and Queen Elizabeth Stakes (12f, Ascot). All dates are shown opposite.

These races are all run through the period mid-July to mid-August, offering connections the opportunity to target horses at these opportunities at broadly the same time. Of course, there are opportunities within the programme for some horses to be targeted at two races.

Travel incentives will be paid for all participants (rated 115+) and additional payments will be made for horses targeted at two races.

IMPORTANT INFORMATION

Nomination Procedure

All nominations should go through your local turf authority. In the case of North America contact the International Racing Bureau at least 24 hours in advance of the closing date.

Nominations for USA-trained Horses

American entries need to be made at least 24 hours in advance of the closing date to Weatherbys by email, using the address **racingops@weatherbys.co.uk** and copying both **edward.arkell@goodwood.com** and **adrian@irbracing.com**

Equipment

All equipment must be named at time of declaration to run, and permissible equipment includes the following:

Blinkers: a garment fitted over a horse's head with holes for the eyes and ears, one or both eyeholes being fitted with cowls cutting out all vision to the rear but allowing full forward vision.

Cheek Pieces: two strips of sheepskin or any other similar material or device which is attached to the cheek pieces of the bridle.

Eyecover: similar to blinkers except that in place of the eye cowls one eye only is covered by an opaque cover.

Eyeshield: similar to blinkers except that in place of the eye cowls both eyes are covered with a mesh or transparent material.

Hood: similar to blinkers, incorporating ear covers but without eye cowls.

Tongue Strap: any device used to tie down a horse's tongue – these must not encircle the bit.

Visor: similar to blinkers, with one or both cowls having holes cut in them allowing limited side or rear vision.

Farriers: It is a legislative requirement for a farrier to be registered to shoe horses whilst in Great Britain. In applicable circumstances, trainers and their (international) farrier(s) are advised to contact the Farriers Registration Council (**farrier-reg.gov.uk/**) well in advance of their intended visit to clarify the requirements and obtain the appropriate certification.

For further information, on what is permitted, please visit **goodwood.com/ownersandtrainers**

Medication & Doping Control

The British Horseracing Authority (BHA) is the sport's governing and regulatory body in Great Britain and encourages international participation in British Racing.

The BHA's Rules of Racing (Rules) stipulate that international visiting horses compete on equal terms with each other and resident British horses. They must race free from the effects of Prohibited substances or other substances (e.g. herbal products).

Overseas trainers should familiarise themselves with Manual (G) since it includes important information about Prohibited Substances, and the Whereabouts requirements.

A link to general information about the BHA's equine anti-doping and controlled medication rules can be found at **goodwood.com/ownersandtrainers**

Particular attention is drawn to the following. For further information, please contact **international@britishhorseracing.com** who will be able to provide full details on:

- Pre and post arrival testing
- Anabolic steroids
- Intro-articular corticosteroids stand-down period
- Anti-ulcer medication
- Medication declaration / Medication records
- Race day restrictions
- Elective Testing
- Equine Influenza
- Bisphosphonates
- Levothyroxine
- Altrenogest

Quarantine

There is no post-arrival quarantine period for horses coming to race in Britain. There will be some pre-export quarantine for horses returning to Australia, Hong Kong and New Zealand – your local shipping agencies / turf club can advise on this.

It is also important that your horse's EI vaccinations correspond with any requirements by countries through which you are transiting and for your onward destination after your visit to the UK.

International Representatives

Goodwood retains the International Racing Bureau to assist all International Connections. Please contact your local IRB Representative for any advice.

Their contact details are available on the next page.

VAT (Tax/Duty)

Colts and fillies imported into the UK have a VAT liability of 20% of their landed value (the value of the horse and cost of shipping). Geldings carry a further 11.5% Import Duty. The VAT can be secured by a deposit or bank guarantee, which is then refunded when the horse leaves the country.

Goodwood will assist with the administration of the bank guarantee. If the horse remains in the UK after the end of October, or is sold, the VAT will need to be paid outright by the connections.

Facilities

The Qatar Owners & Trainers' Pavilion is located in the Richmond Enclosure to the west of the Parade Ring. The exclusive Owners & Trainers' Restaurant is also located in the Richmond Enclosure.

To make a reservation please email **owners@goodwood.com.** Reservations are subject to advance booking only.

Goodwood will provide accomodation, to an agreed level, in the Goodwood Hotel, which is located on the estate two miles from the racecourse.

Private Aircraft
